

RESILIENCE

THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE

DOMESTIC VIOLENCE AWARENESS MONTH

Tuesday, October 2, 2018

| 12:00-2:00pm |

World Bank Group | 1818 H St. NW | PRESTON AUDITORIUM

A documentary that delves into the science of Adverse Childhood Experiences (ACEs). Now understood to be one of the leading causes of everything from heart disease and cancer to substance abuse and depression, extremely stressful experiences in childhood can alter brain development and have lifelong effects on health and behavior. KJPR Film viewing followed by a moderated discussion with an expert.
